

LET'S TAKE A HIKE

Help Take Strides to Finding a Cure for Multiple Sclerosis

When: Sunday, March 26th at 11am
(Raindate: April 9th at 1pm)

Where: Caleb Smith State Park
581 W. Jericho Tpke, Smithtown

My name is Skyler Roth and I am doing this hike as part of my Bar Mitzvah project. My grandmother has Multiple Sclerosis and I would like to help find a cure. We will be taking about a 3 mile hike throughout the park to raise money for the Multiple Sclerosis Society. We will be lead by Jane Fasullo who is a self-taught field educator and a member of the Sierra Club. She will educate us on the history of the area, point out various species of animals, and discuss various environmental issues.

The **suggested** donation for the walk is:

\$10 per individual

\$40 per family of 4 or more

Please wear comfortable shoes and appropriate clothing for the weather. The walk will last for approximately 2 hours so bring snacks and water.

*If the walk is on April 9th, Caleb Smith State Park will collect \$8 per car as an entrance fee.

For Information call Kurt or Missy Roth at 631-864-2229
